

Designed With Students In Mind

Pursue a Master's of Library and Information Science through the University of North Texas at James Madison University Libraries and online

Virginia and West Virginia Web Institute Dates:
August 17-20, 2008 and January 8-11, 2009

The University of North Texas School of Library and Information Sciences will bring its ALA accredited Master's program and popular online format to **The Virginias** in proud partnership with the **Library and Outreach Programs at James Madison University**, Harrisonburg, Virginia.

You can earn your Master's by participating in two four-day Web Institutes at James Madison University Library and complete the rest of your degree online!

The Web Institute portion of the Master's program includes an orientation, technology training, and instruction in the core courses, as well as time to socialize with your colleagues and faculty.

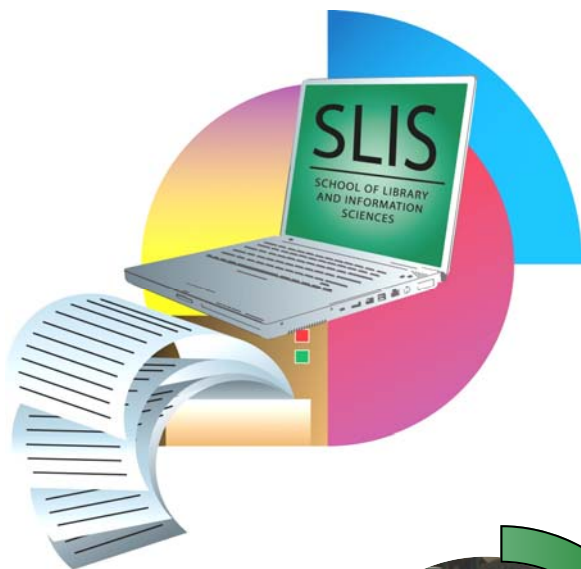

The UNT School of Library and Information Sciences will limit admissions to a cohort of no more than thirty students in the Fall of 2008 who will begin study together for the Master's. This group will form social bonds during the intensive Institute study that will continue and expand throughout the online portion of the program using a variety of communication tools. The University of North Texas is committed to this cohort approach as it provides the foundation for a vibrant learning community.

Focus of Study:

- General Program of Study (Public and Academic)
- Special Libraries
- Information Organization
- School Librarianship
- Information Systems
- Digital Image Management
- Distributed Learning
- Youth Librarianship

Academic Certificates:

- Digital Image Management
- Health Informatics
- Advanced Management
- Storytelling
- Youth Services

"I have to give the program high marks for creating such a unique learning environment."
Vicki Standing '06

"Professors and staff made good use of technology, using everything from taped lectures and power point slides to live chats, message boards and blogs. No matter what your learning style, you will find something here that works for you."
Kathy Jones '04

FACTS ABOUT THE PROGRAM:

- Students begin the program in Fall 2008.
- Students may apply 9 semester hours of coursework from other graduate programs toward the master's degree with approval of their program advisor.
- All admissions, advising, and commencement is through the School of Library and Information Sciences and Toulouse Graduate School at the University of North Texas.
- Approximate program cost is \$400/sch (based on 6 hours per semester for a total of \$15,000).

SCHEDULE OF COURSES:

Fall 2008

SLIS 5000 Introduction to the Information Professions
SLIS 5600 Introduction to Information Access and Retrieval

Spring 2009

SLIS 5200 Introduction to Information Organization
SLIS 5300 Management of Information Agencies

Summer 2009

SLIS 5080 Research Methods and Analysis

Fall of 2009 through Summer of 2010

Students will take 18 hours of electives delivered via the Web by UNT and from approved local programs (up to nine semester hours) to total 36 semester credit hours.

"Many students have told me they really enjoy the opportunity to come together with other students and feel a sense of community they do not otherwise have."

*Jennifer Lafleur,
SLIS Village Manager
and current SLIS student*

"I was worried that taking classes online would minimize my interaction with my classmates. In fact, the opposite has been true; everyone seems to be more accessible online. I can get an instant response to a question about an assignment, or I can learn about the adventures of my classmates across the country."

Christine Willard, current SLIS student

UNT
UNIVERSITY OF
NORTH TEXAS

SLIS

SCHOOL OF LIBRARY
AND INFORMATION
SCIENCES

ONLINE ELECTIVE COURSES:
